

Welcome to Nevada Sterling Knights.

We are a nonprofit organization for girl's youth basketball. Our mission is to empower and elevate female participation in basketball, fostering a culture of inclusivity and growth. We are dedicated to unlocking the full potential of every athlete, providing equitable opportunities for success, and nurturing individual development both on and off the court. Through our commitment to excellence and community, we aim to inspire a lifelong love for the game while championing diversity, integrity, and respect.

Our season runs from March to the end of October. We work on ball handling with our players and once they get to a place to learn the basic skills, we move them to play making, where they will get to apply those skills to our many tournaments that we attend.

Our mission is that every girl that wants to participate will participate. Our fees cover the basics of insurance cost and a jersey for them to play in. If any parent can't commit to our fees for any reason just walk over to Coach ( Atl ) as we will make exceptions to allow our girl to participate. We have additional cost to travel when we play tournaments of 25.00 per trip. This is a great experience for the girls as they usually get to play 1-2 games a trip. We pair up girls with their skill level, so they all get a chance to play. The additional fees for tournaments cover the entry fees to the event. Beyond those activities we do on occasion have the girls fundraise for trips that have more of a significant cost where we can get all the girls attending covered. It's a fun experience for them as they learn how to be responsible players and build lifelong relationships with their teammates.

Our Media Release form helps us get the word out to our community and future girls that will come into our program. It helps us show the community the hard work our kids put in and our amazing volunteers that make all this happen. Our goal is to get enough community support so we can make these programs even more affordable to our players.

Please don't hesitate to contact us with any questions and a special Thank you to our coaches and amazing community parents that have made all this possible. Thank you
